

HP Laser MFP 432fdn

Fast, professional-quality multifunction printer with low operating costs

Help your business stay productive without negatively impacting budgets. This HP Laser MFP is easy to use, offers reliable quality, and helps keep costs low.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: Learn more at: <http://www.hp.com/learn/ds>
